

# Angled Patch Panel Solution

## APPLICATION

- Good for high density applications
- Your choice of snap-in type jacks or PCB based patch panels
- Easily route cables into vertical cable managers, reducing the need for horizontal or front cable management

## FEATURES

- Saves space compared to traditional angled panels
- The snap-in panel is compatible with various jack performance levels (CAT 5e/6/6A)
- Angled tool-less jack features easy termination
- Compatible with SURTEC quick tool solutions

## STANDARDS

- TIA-568-C.2
- ISO 11801
- UL 94V-0 flammability standard
