SURTEC 2022KA-24B-05 FTP 24 Port Angled Snap-in Patch Panel is compatible with SURTEC Angled Keystone Jacks. The Angled Jack design can provide more convenient and efficient patch cord management. Without horizontal cable managements needed, the patch cords at the front side and cables at the rear side can be easily guided into the vertical racks.

Features / Applications:

1. FTP Angled Snap-in Patch Panel Compatible with SURTEC Angled Keystone Jacks
2. UL 1863 Safety Listed
3. Printed white label and port number identification
4. Gounding screw attached
5. Angled jacks are sold seperately
